PRC Subscribers \$45 Non-Subscribers \$55

After March 5: Subs \$55 Non-Subs \$65

Lunch is included.

About the leader.....

David S. Young is a pastor, teacher, and church renewal leader who has used this model extensively in guiding congregations. "Keep it practical" are his guiding words in his work with Church of the Brethren, American Baptists, and Mennonites. His newest book, *Springs of Living Water*, is written from his experience in pastoring in the local church, teaching in seminaries, leading cluster work, writing two books in the field, and keeping one foot planted in a church working on renewal. David has learned, developed, lived, taught and tested this model over and over with outcomes greater than he ever imagined.

Participants will learn how to help individuals and congregations grow spiritually by entering a path of renewal using spiritual disciplines folders and a spiritual discernment process for guiding their church in renewal. Congregational gatherings are held to build on strengths of their church. With new energy, a church spiritually discerns a Biblical vision and plans and implements a step by step plan of focused ministries. Church leaders will learn a seven step spiritual journey of renewal, see a path of renewal for new life for their congregation, and know the first steps to be a healthy church with an urgent mission.

"Under the capable servant-leadership of David Young, Springs of Living Water provides a model for spiritual growth that can be studied with genuine profit. I give my highest recommendations!"

Richard J. Foster from the Foreword.
